# The A B C's of Plug-In® Ordering

**O**ur completely new "Plug-In"® transfer designs are your key to high impact transfer graphics at the lowest possible price. Everything from the enduring "standard" type layouts to the very complex contemporary design layouts are now available for you. Just follow the simple steps below, and we'll turn your Plug-In® selection into a one-of-a-kind transfer quicker than you can say abracadabra.

## A

Select the Plug-In® of your choice from over 1830 available found inside this catalog on pages 5 thru 101.

For this example we chose Plug-In® #PI-2610 from page 14 as our beginning Plug-In® Layout.

## B

Specify wording(s), typestyle(s) and clip art(s) desired. Just tell us what typestyle(s) and clip art(s) to use from this catalog and we'll Plug-it-in for you.

In this example, we're changing the word "Springfield" to "Cardington", the word "Bulldogs" to "Pirates" and the "09/wreath" to Clip Art # MASC-365 (pirate head), with no change in typestyle, shade or outline.

## C

**GET THESE RESULTS!!!**

P.S. Add, if you wish, additional wording to your Plug-In®, along with any distortions, shades, layouts or outlines you desire, found inside this catalog.

All Plug-Ins® available in single or multi-color designs.
